

This is Dedicated to the Memory of all of these Murdered People who were taken from us on September 11th. 2001. It seems I am always steeped in atrocity and this is no less an atrocity than the Holocaust, which has become my life work for the past 6 years. All atrocity is incomprehensible and is always unacceptable. Except by degree, and by sheer weight of numbers, these murdered on this one day are equal in terms of the Intolerance shown in the Holocaust and as exempting in compassion as all Perpetrators are. The Nazi's have not gone away, they have simply altered their guise. It would seem I am taking time out from my research, to add my voice to the concern shown by so many. I still manage to remain within the concept of such an Indifference to human life, which we have learned to measure in the Millions of lives taken. For all of us, this new attack on our daily lives, has been a crushing blow. The lessons of the Holocaust have not been lost upon those who wish to destroy, but it should not be lost upon those who wish to build. This world of ours can be a Tolerant and Accepting place. All we need is the positive example of the goodness that is within mankind.

So here we are at the steps of an atrocious act still attempting to learn positive lessons. This newer tragedy was aimed at all of us, but the real Victims of the atrocity are set before you. They were murdered by those best not described. If the one true God is a just God, the murderers will be damned forever and their seed will be stifled by a goodness which will finally emerge. The seed of the un-Godly will remain barren to the warrant for honesty and goodness. As God commands, the deeds of the Father are visited upon their children and we hereby condemn those who wish to dishonour the memory of these, our Brothers and Sisters. We further damn all those who stand outside the humanity we now demand. We must fully seek the applicable justice for these who were murdered, and by an evil that is not to be tolerated.

Of the **2,998** People who are listed here, **2,948** are confirmed Dead! There are a further **50** names who have either been reported dead or are missing in this calamity! Here in this space, we continually choose to remember only those People who took an ordinary journey, a journey we now know became an extraordinary event in the lives of us all. We remember them now and memorialise and eulogise those **2,998** People taken from us. Though I personally have not lost any Family or Friends in the calamity, they are all associated with my very existence. I have placed certain names in **Bold** type. These are the colleagues of our **FDNY** Cousin:-

JAMES THOMPSON

who survived, and after many anguished hours, lives to remember them ALL. These **10** Firefighters are personally identified with James. Here included are the '**Midtown Eastside Heroes**', from **Battalion 8**; of **Engine 8**; and **Ladder 2** of the **Fire Department New York**. For those who have lost so dearly, my sympathy is

with you. If I have erred in respect of any of your Loved ones, please let me know, I will correct the entry.

This is all done in Memory of ALL of these heroes!

“We will NEVER Forget!”
